

PRODUCT SPECIFICATIONS

AC 800

MRP : 154000.00

AC Motor Treadmill with (-) 3% to 15% Incline. The (-) Negative Incline to experience Walking Downhill which Develops Eccentric contractions. As you walk downhill, your body gains momentum.

To counteract this momentum, your knee and hip extensors must contract eccentrically to slow down your stride and reduce the impact on your weight-bearing leg.

These eccentric contractions build strength throughout these muscles' ranges of motion.
