***ADSU 13324-NL Performance Knee Support - XL***

**Code: ADSU 13324-NL**

**MRP : 2699.00**

Engineered for performance, adidas Climacool Supports allow you to move freely when you're not at your best. Worn during sports or training sessions, the Knee Support provides strategic reinforcement without restricting movement. Featuring a dual-compression kinesiology band and silicone grip, the Climacool Support stays put throughout your session; allowing you to focus solely on maximising your performance. Made from durable but lightweight Climacool Technology, the Knee Support encourages airflow; keeping you cool and dry through tough training sessions. Climacool technology encourages greater airflow. Bolsters the knee for greater support and strength. Ideal for use in both training and competition.Seamless circular knitted design combines comfort with durability. Available Sizes : S - 28 – 35 cm, M - 35 – 45 cm, L - 45 – 52 cm, XL - 52 – 56 cm
