STIGA Pro WRB Blue Edition is a table tennis bat with blue rubber for players who like to challenge, but without compromising on control and feel. The combination of the 5-ply blade and 3-STAR rubber gives you just that. Thanks to WRB technology, it also offers a lot of power and the possibility of faster returns. The concave handle provides a firm yet comfy grip, while the ITTF-approved rubber means that you can move on to competition level when you are ready.
