*Cybershape Future *** Patent Pending*

Code: 32198

MRP : 5400.00

3-star table tennis bat in STIGA's unique Cybershape design – a brand-new, patent-pending, pattern-protected shape optimized for maximum hitting surface. Developed and designed together with STIGA player and deputy world champion Truls Møregårdh. Stable, concave shaft with an offensive blade made from 5 layers of wood. ITTF-approved Truls Møregårdh rubbers, based on DNA Platinum's unique playing characteristics and adapted for players in development. Optimized, larger sweet spot for a better balance than in traditionally shaped bats. Cybershape Future's unique shape allows easier customization of your bat angle to achieve the desired spin when serving. A bat for those who want more speed and feeling. ITTF-approved 3-star rubber.
