PRODUCT SPECIFICATIONS

Carbon Edge 1.0

Code: 41011

MRP : 8800.00

Made from 3000 Carbon filament weave for higher stiffness and strength. Thermoformed moulded edges. Light weight structure enhances precision and control. Balanced weight distribution ensures prefect blend of power and control. Textured surface for enhances spin and control. L- 415mm, W- 188mm, 14mm thickness for optimised sweet spot. Neoprene face cover. For Professional and Competitive Play. Ideal for attacking play for all skill levels.

Length：	L=415mm W=188mm
Thickness (mm)：	14mm
Level：	Professional
Material：	3K Carbon Filament
