CJN 3088 AB Back Extension

Code: 44586

MRP : 126000.00

Abdominal/Back Extension is a dual-function machine designed to allow users to perform two exercises without leaving the machine. Both exercises use comfortable padded shoulder straps. Easy position adjustment provides two starting positions for back extension and one for abdominal extension. The three-position pedals can handle two different workouts, providing a wide range of adaptability for users of different sizes. The support position of the roller back pad will not change with the training, ensuring the safety and stability of the training.
