PRODUCT SPECIFICATIONS

T19 Treadmill

Code: AVUS-10421

MRP : 158400.00

Designed for progressive home cardio, the T-19's NRG cushioning technology minimises wear on the joints; absorbing each strike to strengthen your workouts. Fitted with a 3.5 HP motor, the treadmill helps test your limits with challenging steady state and interval workouts – hitting 20 kph across 15 power incline levels. Featuring 24 pre-set workouts + target and user defined programmes; the Ultra Series console creates motivating and tailored runs for all abilities. Displaying performance metrics and live heart rate stats, the 8" LCD display boosts your run for effective cardio sessions. T19 motorhood opening method https://youtu.be/uenqeWi230Q
