PRODUCT SPECIFICATIONS

T19i Treadmill

Code: AVUS-10321

MRP : 120000.00

Delivering effective home cardio workouts, the adidas T-19i challenges your stamina for complete fitness progression. Featuring 24 demanding pre-set workouts, the onboard console controls 15 incline levels with a max. speed of 18 kph; ramping up your workouts for consistent training progression. Providing key workout stats through it's clean LED console, the T-19i also houses NRG Cushioning Tech; absorbing each strike for total comfort and performance. Offering live heart rate data, the treadmill's integrated hand pulse sensors ensure optimised sessions with a built-in fan to keep you cool. Fitted with a mobile device holder and 5W speakers, the T-19i amplifies your training playlists, focussing your runs for stronger results.
