T-19i

A close-up, low-angle shot of the rear of a black Adidas T-19i treadmill. The image highlights the NRG Tech cushioning system, which consists of a grey plastic housing with a black 'NRG TECH' label. The treadmill's frame and side rails are visible, and the Adidas logo is on the rear panel. Red geometric shapes are overlaid on the image for design purposes.

NRG CUSHIONING TECH

The T-19i houses NRG Cushioning Tech; absorbing each strike for total comfort and performance.

T-19i

INCLINE

15 levels of Power Incline deliver top performance and varied workouts to maximise the benefits of your training.

T-19i

SPEED

Top speed is a generous 18 KPH; in keeping with the Ultra Series range, which prides itself on top motor performance.

PHONE & TABLET HOLDER

Extendable to a full sized tablet, the rubber gripped holder keeps you entertained as you train.

A close-up, angled view of the front of a black electronic device, likely a portable music player. The top section features three blue LED displays showing frequency, time, and battery level. Below these are several control buttons and ports. A large, bright red diagonal line cuts across the right side of the image, pointing towards the text. The bottom left shows a silver speaker grille.

T-19i

SPEAKERS

Fitted with 5W speakers, the T-19i delivers high quality sound; with MP3 connectivity via AUX and USB inlets.
